Feedback Form

The Mary Valley Business Directory aims to become an annual publication. To ensure it is relevant to you, we would love your feedback.

Please forward any comments to businessdirectory@themaryvalley.com.au
Alternately, you can fax this form to **5488 6006**, or contact Kaili Parker-Price on **0447 053 244**.

Where did you get your copy of the Mary Valley Business Directory? _____

Have you used the directory to purchase any goods and services in the valley? _____

Have you changed your shopping habits now that you know what is available in the Mary Valley?

How could the directory be improved? Could it be easier to use? _____

What other information could be included eg community information, emergency contacts?

2009 Listing Form

Are you interested in promoting your business or community group in the next publication of the Mary Valley Business Directory? Perhaps you want to update your business details, or include a business logo for the next edition? The next edition will be published mid-2009.

You can register your interest via email (titled "business directory 2009") to businessdirectory@themaryvalley.com.au or call Kaili Parker-Price on **0447 053 244**.

Alternately you can fax this form: ATTENTION Mary Valley Business Directory to **5488 6006**.

Tick this box if you would like to be contacted about the 2009 directory

The Mary Valley Business Expansion and Retention Project

186 BUSINESSES – 50 INTERVIEWS – ONE VALLEY

This directory is a product of MV BEAR—the Mary Valley Business Expansion and Retention Project—which is based on the principle that about 80% of growth and development comes from existing businesses.

The MV BEAR project has enabled us to identify most of the businesses in the valley for the first time, and around one third of those businesses were surveyed by volunteers in 2008 to identify their needs and opportunities.

The project was run under the guidance of the Mary Valley Show Society, and a steering committee which included both business and community members, manager Margaret Darveniza and coordinator Kaili Parker-Price.

The data was published in a well-received report, and community and business representatives are now working on 17 projects, including the production of this business directory (which will soon be uploaded to a Mary Valley website).

Other projects include:

- a solar bulk buy package for valley residents
- investigating the need for local and tourism signage
- developing a branding identity and tourism strategy for the Mary Valley
- encouraging sustainable lifestyles and businesses
- holding a business expo
- continuing to research the needs and desires of other sectors eg tourists, youth
- developing healthy activities and infrastructure eg bike trails
- encouraging business growth and innovation in the local hospitality industry
- redeveloping the town centres to reflect the community
- actioning recommendations in the 2008 Mary Valley aged care and transport studies
- investigating land use in the Mary Valley
- workshops to upskill employees

LIFESTYLE

INNOVATION

Mary Valley Inc

ONE VALLEY – ONE VOICE – ONE FUTURE

The Mary Valley is working together towards a positive future on a united front through MVI – Mary Valley Inc.

MVI is a group of 16 representatives from eight communities in the Mary Valley, representing the Dagon, Amamoor, Kandanga, Imbil, Carters Ridge/Ridgewood, Kenilworth, Conondale and Crystal Waters areas.

MVI is the combined voice of the Mary Valley and can confidently speak on behalf of the 6000 people living here.

It held its inaugural annual general meeting in November, 2008.

Residents formed the group after recognising the need to bring the whole Mary Valley community together to consider issues affecting the valley at a strategic level.

The group's mission statement identifies the need for the valley to work and speak together for the future of the region, a future that covers all aspects of valley life – economic, community, agricultural, social, development, tourism, ecological, well-being and lifestyle.

MVI is the people's voice in the Mary Valley, and members encourage people to contact their local representatives and bring issues of valley-wide importance to their attention.

How do these two initiatives connect?

MVI is the strategic community group which will now take on responsibility for the strategies and projects which were identified by the MV BEAR project.

Do you want more information on MV BEAR or MVI? Or even better, would you like to contribute to the future of these exciting initiatives?

Contact Kaili Parker-Price on **0447 053 244**, and she will tell you how you can be involved.

MOVING FORWARD

GOLD RUSH

Prospector James Nash actually panned for gold in Bella Creek near Imbil, before he famously discovered the Gympie goldfield in 1867. Gold was also found at Kandanga and Imbil, and along Breakneck and Western creeks.

**LITTLE
DENMARK**

Locals referred to the area from Tuncal Flat to Tuchekeoi as "Little Denmark" in the 1890s, with most of the early settlers of Danish descent. This accounts for family names still found in the valley, such as Andreassen, Poulsen, Carlson, Meyers and Fredericksen.

BORUMBA DAM

This water storage was first proposed by the Imbil Irrigation Users Association in 1958, and approval for its construction on Yabba Creek was given in 1960. The dam was opened in 1964 and it was praised not only for its assistance to irrigators, but for its tourism potential for water sports and fishing.

CRYSTAL WATERS

The village was designed to accommodate up to 300 people, on 83 residential lots and two commercial lots to provide short-term visitors' accommodation and a commercial village centre. Once the group title plan was approved in 1986, Crystal Waters Permaculture Village became a real possibility.

MARY RIVER

The river was traditionally named Moocooboola by local Aborigines (the Kabi Kabi people). It was then named the Wide Bay River by European explorers and in 1847 (prior to Queensland becoming a separate colony) Charles Augustus FitzRoy, then Governor of New South Wales, officially changed its name to the Mary River - after his wife Lady Mary Lennox.

LIFESTYLE CHOICE

The bottom line for many Mary Valley businesses is that owners can enjoy a lifestyle that beats anywhere else in Australia. Call it a tree change or an escape from the rat race, this is the major advantage of owning a business in the Mary Valley.

MOVING FORWARD

IMBIL STATE FOREST

The forest became a place of employment for European refugees who were accepted into Australia. In 1948, the Queensland Government established a refugee camp for these "new Australians" near Imbil, at Derrier Creek, where the men became labourers planting hoop pine plantations.

The Mary Valley
